

# 2023 Foundation Transition

*Starting school is a major life transition for both children and their families. Both challenging and exciting, it is a time of change in which children, families and educators adjust to new roles, identities, expectations, interactions and relationships.*  
– Department of Education and Training

A great foundation transition program is about more than just the first day. It is how we ensure every student has the best start to primary school. Evidence shows a successful first year transition program can contribute to up to 60 per cent of student learning improvement in academic and social development.

Therefore, our school approach to Step into PVSPS Program is not only critical to a child's introduction to primary school but also their long-term academic results.

A successful transition to school should be a dynamic process, beginning well before a child starts school and continuing until children and families feel a sense of belonging at Pascoe Vale South.

## Tour Dates and Information Sessions

Pascoe Vale South Primary School has scheduled a number of tour dates and information sessions throughout the year for prospective families who would like to come and see our wonderful school. We invite you to book in a date that is convenient. All tours can be booked through the office.
