HERE IS WHAT'S GOING ON IN THE MINDS OF OUR STUDENTS DURING LOCKDOWN

ERIC

During home schooling I learnt how to ride a skateboard and publish narratives. I enjoy playing Minecraft with my friends and practising my tricks on the skateboard.

TOM

I don't like being at home and not being able to see my friends but I did enjoy learning how to bake cookies with my dad.

ALANNAH

I dislike lockdown but have learnt new types of video games and how to master them. I enjoy going on site to learn because I get to see some of my friends, even during lockdown. I had fun accomplishing my Lego set because I felt proud of myself.

ELOISE

I love being able to sleep in, and it's easier to be more flexible. I learnt how to improve my cooking and hang out with my sister. But being at home is nothing compared to being onsite with my friends.

Cross country

On the 13 of July our cross country runners competed in Regionals after making it through to District.

Here is how they felt representing our school for cross country:

Hana

Hi I'm Hannah and I'm in grade 5 this year. I'm currently competing in regionals cross country. I find cross country fun because it is exciting competing for my school. I'm really excited to get the regionals jumper! Thank you to my best friends Marielle and Lily for encouraging me to run.

Alex

Hi I'm Alex and this term I had the privilege of competing in regionals cross country. I've always enjoyed sprints more than longer distances because of the adrenaline that accompanies sprints. Shout out to Miss Thomas for helping me get this far.
